

BLACK HISTORY MONTH

KATHERINE JOHNSON AND NEIL DEGRASSE TYSON ARE LEADERS IN SCIENCE. KATHERINE JOHNSON USED MATH TO HELP NASA PLAN SPACE MISSIONS IN THE 1960S, AND NEIL DEGRASSE TYSON HELPED TEACH MILLIONS AS AN EDUCATOR AND ASTROPHYSICIST. AT THE TIME, BLACK CHILDREN WERE NOT GIVEN THE SAME EDUCATION AS WHITE CHILDREN, BUT THEY OVERCAME THESE CHALLENGES AND BECAME LEADERS WHO MADE A LASTING IMPACT.
